**Building 863E**
**Pueblo, CO 81006**

The Man Cave 24 is a modern and sustainable paradise in housing. With an easy to live in floor plan and chemical free interior, this home is perfect as a primary residence or second home for people who care about high quality construction, efficiency and healthy living environments.

Built with SIP's (structural insulated panels) makes this home stronger, greener and straighter than traditional stick built homes. High R values and the use of sustainable materials make this home easy on the environment and a joy to live in.

high end kitchen / appliances

chemical free interiors
